FOR IMMEDIATE RELEASE

HealthCare Resolution Services, Inc. (HCRS) Wins \$6 Million Contract to Provide Health Care Staffing Services to the U.S. Navy

Laurel, MD (October 4, 2006) - HealthCare Resolution Services, Inc. (HCRS) (www.hcrs-inc.com) today announced that it has been awarded a \$6 million contract by the U.S. Department of the Navy to provide medical staffing services at three naval hospitals in Washington State and Hawaii.

Under the multiple-award task order contract, HCRS will recruit, train and retain a staff of seventy (70) physicians, RNs, medical assistants and other healthcare professionals. The medical professionals will provide services in the areas of family practice, primary care, health promotion, case management and post deployment health reassessment (PDHRA) at naval hospitals in Bremerton and Oak Harbor, WA as well as Pearl Harbor, HI.

“HCRS is honored to add the Navy as a customer and to recruit and hire the best health care workers to provide direct patient care services to our military personnel and their families,” states Jarvis Doles, HCRS’ CEO.

A key service provision in the Contract, PDHRA’s goal is to provide substantive medical and psychological evaluation and care to returning active military personnel. This primary care, ultimately, encourages the transition of these soldiers back to their previous roles at their respective military treatment facility once the soldier is declared fit for return to duty.

One of only five organizations to receive the contract, HCRS will work in tandem with subcontractor PhyAmerica Government Services, Inc. to provide services to active duty and retired naval personnel and their dependents. The five-year contract began on July 1, 2006 and will continue through 2011.

About HCRS, Inc.

HealthCare Resolution Services, Inc. (HCRS) provides health care consulting, health information management and staffing services to government and commercial clients including the Department of Defense, U.S. Marshals Service, United Healthcare, CIGNA, Johns Hopkins Hospital and Kaiser Permanente. Founded in 1995, HCRS' solutions help clients improve data quality, increase business plan performance, enhance business processes, recruit qualified health care workers and achieve cost avoidance savings. The company's track record for responsiveness, customer service and working effectively with clients and contractors is proven by the fact that leading government and commercial clients have returned to HCRS to perform professional services. Headquartered in Laurel, Maryland, HCRS has more than 300 full-time licensed and certified health professionals nationwide. For more information, visit www.hcrs-inc.com or call 866-599-4277.
